- Memberships are renewed annually and it is the responsibility of the member or the parent/guardian of those under 16 years to ensure they keep their annual membership in date.

- The WJJF has the right to refuse, decline or terminate any membership without the need to provide an explanation.
- The annual membership will be invalidated if any of the information supplied on the application form is incorrect, in particular any undeclared medical conditions.

- On acceptance of membership a Budo Pass will be issued. This will be the individual’s personal grading/training record.
- The Budo Pass is the property of the individual.

All registered students undertake to abide by the rules and regulations of the WJJF at all times and, in deference to their club rules, where they come into conflict. If any dispute should occur between the student and his/her club this matter should be referred to the WJJF for arbitration.
