Dear Members

We are delighted to announce that three new members are joining our Management Team / Board of Directors.

Guido Nicoli representing WJJF/NAMA Italy

Andrea Colombini representing WJJF/PMA Italy

Alan Campbell representing WJJF/Australia

All three have their own individual business talents and have agreed to come on to the Board of Directors. Their presence and input will enhance both the business and technical side of the World Ju-Jitsu UK CIC, promoting the growth of our beloved martial art.

These appointments will undoubtedly strengthen our position, not only in Europe, but worldwide. All three have been mentored personally by Soke Clark, with Alan Campbell as his personal student from the conception. Their background and expertise in Martial Arts will be a positive asset to our group as we continue to expand.

The current Directors are delighted to welcome all three on board and we look forward to a positive working relationship. It is our mission to continue to nurture and promote Soke Clark's legacy, at the home of the original WORLD JU-JITSU FEDERATION, Headquarters in Liverpool.

Without doubt they have all shown loyalty and dedication on the path which Soke laid down, one that we are all committed to upholding and enhancing together.

In addition, it has been decided to create individual roles within the Management Team and we are happy to announce that the following Directors have taken on specific responsibilities.
